

# Rabies Titer Opportunity for Vets and their Staff

September 30, 2008

**To: Area Veterinarians and Staff**

**From: Belinda Lewis, Director  
Animal Care and Control**

**Subject: Rabies Vaccine Titers for Veterinarians and Staff**

Hi all,

During the N.E.I.V.M.A. meeting hosted here this spring, some of you asked if I would be able to make arrangements to assist veterinarians in having their rabies vaccine titers checked. Business Health has graciously offered to work with the area veterinary facilities to include any of you who may be interested.

**When: Wednesday, October 29<sup>th</sup>  
Thursday, October 30<sup>th</sup>  
Either day, between the hours of 7:00am and 4:00pm**

**Where: Business Health/ Redimed  
315 E. Cook Rd (Across from Northrup Highschool)**

**Cost: Titer fee: \$38.00  
Draw fee: \$12.00  
Shipping fee: \$50.00**

*Note: the \$50.00 shipping fee is Business Healths cost to ship hazardous materials Fed Ex. Up to five specimens can go into one package but in order to reduce that charge, individuals would need to come in as a group all at one time. Payment at the time of service.*

**Note: Please take a copy of this flyer into Business Health with you to expedite pricing and procedure for their counter staff as this is a unique venture.**
